#### **General Information**

The stipulated time for self check in of the car is at 9:00 am and there will be an authorized staff to make revisions and inspections of all vehicles. It should be noted that there will be other people transporting their vehicles so we advise you to be patient as the process will be cautious.

At the port of Cartagena you will be able to get the circulation permit, between this last and the international insurance.

On your return you must follow the same check in process with the same schedule.
